

## Self-Assessment - Key Stage 2 - Term 3

Number - Number and Place Value

Algebra - Expressions, Formulae and Equations

Geometry - Properties of shape and angles

Learning Intentions	Achieved
I can read and write numbers to 10 000 000 and determine the value of each digit.	
I can order and compare numbers to 10 000 000 and determine the value of each digit.	
<u>I can round any whole number to a required degree of accuracy.</u>	
I can identify the value of each digit in numbers given to three decimal places.	
I can multiply and divide numbers by 10, 100 and 1000 giving answers up to three decimal places.	
<u>I can use negative numbers in context, and calculate intervals across zero.</u>	
<u>I can use simple formulae.</u>	
I can express missing number problems algebraically.	
I can find pairs of numbers that satisfy number sentences involving two unknowns.	
I can find enumerate possibilities of combinations of two variables.	
I can generate linear number sequences.	
I can describe linear number sequences.	
I can draw 2-D shapes using given dimensions and angles.	
I can illustrate and name parts of circles., including radius, diameter and circumference.	
I know that the diameter is twice the radius.	
<u>I can compare and classify geometric shapes based on their properties and sizes. and find unknown angles in any triangles, quadrilaterals, and regular polygons.</u>	
<u>I can find unknown/missing angles in any triangles, quadrilaterals, and regular polygons.</u>	
I can recognise angles where they meet at a point, are on a straight line, or are vertically opposite.
