## Planning activities

Over this month we will be looking closely into life skills. Activities include learning to be safe in the kitchen, washing up and cooking. We will also be looking into washing clothes and looking at care labels. We are hoping the children will learn to be a lot more independent. We will also be looking how to be more street smart and how to be safe on the internet.

## Weather changes

As the weather is getting icy and cold please could all children walk sensibly on the gritted area around the school. If it is too bad we will put a sign up to say come through the main entrance . Please ensure that all children have coats and gloves as some of our activities may still be outside.
